Macatawa Area Express Transportation Authority Meeting Minutes Monday, June 24, 2024 Proposed Minutes

The Macatawa Area Express Transportation Authority Board met at 3:30 pm in the training room at the MAX Operations building – 11660 Greenway Dr., Holland, MI 49424

Members Present: Chair Russ TeSlaa and Secretary/Treasurer Joe Baumann, Board Members Nathan Bocks, Jan Steggerda, Kristin Myers, Meika Weiss

Others Present: Lynn McCammon

Members Absent: Board Members Kevin Klynstra, Jason Latham, Al Rios and Abraham Hernandez

Staff Present: Elisa Hoekwater, Beth Higgs, Kaitlynn Riegling, Sandra Korhorn

6.24.1 Approval of the Minutes for May 2024 Board Meeting

A motion was made by Weiss and supported by Bocks to approve the May 2024 board meeting minutes. Motion carried unanimously.

6.24.2 Public Comment

There were no public comments.

6.24.3a Marketing Committee

Higgs reported that the Marketing team has been working on an employee appreciation lunch (August 4) and also preparing for the VIA rider App which will launch soon after the new scheduling software.

6.24.4 Executive Committee

6.24.4a Request to Submit Transportation Alternatives Program (TAP) Competitive Grant Program Application

Riegling explained that TAP is a competitive grant with \$24.5 million dollars available annually to be used on projects to enhance Michigan's intermodal transportation system and provide alternative transportation options. MAX will request funds to install new bus shelters with solar lighting, new system maps and brochures, bus stop signs, and other service change related projects. MAX is requesting up to \$250,000, these funds would support the unfunded costs of the Michigan Shared Streets and Spaces Grant that MAX applied for earlier this month. The TAP funding does require a match at a minimum of 20 percent but most projects match requirements are determined to 35 – 45 percent as MDOT would like to see strong local community support. The Board was requested to approve the submittal of the TAP grant funding. Motion to approve was made by TeSlaa, supported by Latham. Motion passed unanimously.

6.24.4b Relocation of Bus Shelter & Approval of Lease Agreement for James Street Center

Higgs reported that in March she was contacted by the investment company that owned property at 115 Clover St. in Holland Twp, stating that MAX buses were damaging the blacktop near the bus shelter in their parking lot. The recent MAX Transit Study identified low ridership at that location, so the decision was made to remove that bus shelter. Capstone Companies, the property owner of the James St. Center Plaza agreed to have the bus shelter moved to their location at 285 James Street in Holland Twp. Entering a lease agreement until year 2039.

Motion to approve the new lease agreement with Capstone Companies was made by Baumann, supported by Bocks. Motion passed unanimously.

6.24.4c Proposed Employee Wage Adjustment

Hoekwater reported that MAX has seen a significant increase in bus operator applications after wages were increased in November 2023. As the commitment was made to evaluate all remaining pay grades in 2024, we are now proposing a wage increase for all other positions. Adjust wages for all remaining MAX positions to account for cost of living increases and bring them in alignment with the MAX pay grade system for non-exempt and exempt employees. Using June 2024 employment data this would increases wages by \$146,897 (4%). The new total for adjusted wages in FY2024 would then be \$3,718,980. Motion to approve was made by Bocks, supported by Baumann. Motion passed unanimously.

6.24.4d Fare Adjustments to Launch VIA Scheduling Software

Korhorn requested approval of fare adjustments for fixed route services to decrease the cost of the Reduced Fare weekly pass from \$10.00 to \$5.00. This will allow a reduced fare rider to ride a minimum of 10x to make the pass cost effective for the week or for a month (if a reduced fare rider wanted to purchase four (4) passes), rather than purchasing the Full Fare monthly pass. Board approval was requested to adjust the fares for both the Reduced Daily and Reduced Weekly fixed route passes. Motion to table was made by Myers, supported by Baumann.

6.24.4e Update on VIA Scheduling Software Launch

Korhorn reported that the new Via scheduling software would launch in four to six weeks. The MAX team continues to provide input and meets weekly with Via to ensure a smooth transition.

Macatawa Area Express Transportation Authority Meeting Minutes Monday, October 28, 2024 Proposed Minutes

The Macatawa Area Express Transportation Authority Board met at 3:30 pm in the training room at the MAX Operations building - 11660 Greenway Drive, Holland, MI 49424.

Members Present: Chair Russ TeSlaa, Secretary Meika Weiss and Treasurer Jason Latham; Board Members Doug Becker, Margo Walters, Kristin Myers, Jason Latham, Abbe Baas

Others Present: Kevin Klynstra

Members Absent: Board Members; Jan Steggerda

Staff Present: Elisa Hoekwater, Beth Higgs, Lynn McCammon, Kaitlynn Riegling, and Juana Lopez

10.24.1 Approval of the Minutes for September 2024 Board Meetings

The minutes will be presented at the November meeting.

10.24.2 Public Comment

There were no public comments.

10.24.3 Marketing Committee

Higgs reported that MAX bus operator Hubert Timmer has retired from MAX after 25 years of service. A celebration will be held this week at the Greenway facility. Marketing is also preparing for three other employee events over the next two weeks. Higgs also mentioned that Marketing has continued to focus on training and promoting the new MAX App that offers passengers an option to schedule and pay for rides online.

10.24.4 Executive Committee

10.24.4a Election of Board Officers, Announcement of Two New Board Members

Due to the retirement of MAX Board Treasurer Joseph Baumann in October 2024, the position of Secretary/Treasurer are vacant. Current Board member Meika Weiss was nominated for the position of Secretary by Kristen Myers, and current Board member Jason Latham was nominated by Meika Weiss for the position of Treasurer. Two new board members were announced, Doug Becker and Margo Walters representing Holland Charter Township. A motion was made by Russ TeSlaa and supported by Kristen Myers to approve the slate of officers as presented. Motion carried unanimously.

10.24.4b Approval of Revised CDL Reimbursement Policy

At their meeting held November 27, 2023, the MAX Board approved a Commercial Driver's License (CDL) Reimbursement Policy for newly hired employees who receive training and their commercial driver's license through MAX. The current policy states that if an employee voluntarily leaves employment within 6 months, they will reimburse MAX the full cost of the CDL license and associated fees such as DOT physical, drug screening, and agility test to obtain their license. If they leave between 7 and 12 months, they reimburse MAX half those costs.

Staff understands that there may be circumstances when an employee may voluntarily leave MAX for reasons beyond their control such as illness, or other situations. Higgs requested Board approval to revise this policy to include language that the Executive Director or Deputy Director make the determination if reimbursement of those funds is appropriate and add the option to invoice the employee if funds are not available through a payroll deduction. A motion was made by Jason Latham and supported by Margo Walters to approve the revision of the CDL Reimbursement policy. Motion carried unanimously.

10.24.4c

Approval of Modified Transportation Alternatives Program (TAP) – ACTION Riegling requested approval for modifications made to the Transportation Alternatives Program (TAP), stating a change to the concrete pad which resulted in an increase to the project total of \$386,050 to \$380,425. A motion was made by Kristen Myers and supported by Jason Latham for Approval of Modified Transportation Alternatives Program (TAP). Motion carried unanimously.

10.24.4d

Resolution of Support for Constructing New Connections Application

The Constructing New Connections provides opportunity to assistance and support the MAX Transit Route Study Project. The creation of the plan has been prepared with the involvement of the MAX Transit Study Advisory Group, community stakeholders, and the public. The project has a budget of \$380,425 and \$100,000 of the budget will be matched by local funds. MAX Board Chair, Russell TeSlaa or MAX Executive director will be authorized to sign a project agreement and act as a representative on Behalf of MAX. A motion was made by Doug Becker and supported by Jason Latham to approve the Resolution of Support for Constructing New Connections Application. Motion carried unanimously.

10.24.4e

Notice to Advance Procurement of Lawn Mower and Attachments — ACTION

The Macatawa Area Express Transportation Authority is seeking a Request for Quote (RFQ) for the purchase of a Toro Grandstand Multi Force 60" Mower and Snowplow Attachments with an estimated cost of \$17,999.00. Procurement shall commence about or on November 8, 2025. A motion was made by Kristen Myers and supported by Doug Becker to approve the Notice to Advance Procurement of Lawn Mower and Attachments. Motion carried unanimously.

10.24.4f

Notice to Advance Procurement of GPS Playback and Swiftly Implementation Services The Macatawa Area Express Transportation Authority is seeking a Request for Quote (RFQ) for the purchase of GPS playback module for Swiftly scheduling software. Hoekwater explained that MAX will use a capital grant to pay for one year of service.

estimated cost for this service is \$10,395. Procurement shall commence on or about October 29,2024. A motion was made by Kristen Myers and supported by Jason Latham to approve the Notice to Advance Procurement of GPS Playback Module for Swiftly Scheduling Software. Motion carried unanimously.

10.24.4g Announcement of Executive Director Retirement

The Board Chair, Russ TeSlaa announced that during a closed session Executive Director, Elisa Hoekwater and members of the Board discussed Hoekwater's retirement plans. A succession plan is in place and Beth Higgs will serve as the interim director until a new Executive Director is hired.

This year MAX completed a study of fixed routes which was approved in May 2024 with a plan for route adjustments, enhancements to the demand response and paratransit service, and the addition of microtransit options. In recent months the MAX team successfully launched new scheduling software, established a new timeclock system, and upgraded the agency's accounting software. Hoekwater expressed appreciation for MAX staff, adding that she feels great satisfaction from all that has been achieved. A motion was made by Margo Walters and supported by Doug Becker to approve an agreement. Motion carried unanimously.

10.24.5 MAX Director's Report

Executive Director, Elisa Hoekwater, reported on amendments to the FY2024 year-end budget, which accounted for a generous private donation to MAX, higher ridership than previously expected, and increases in investment income and property tax funding through the millage. These revenue sources contributed to an amended budget of \$7,531,659 in FY2024.

The FY2025 budget, approved by the Board at the September meeting, includes anticipated revenues and expenses of \$6,347,080. As MAX is in the first month of the new fiscal year, it will be important for staff to continue to monitor capital needs and draw down existing grants allocated for capital expenses. Hoekwater recommended that MAX continue to apply for competitive capital grants such as flex funds, TAP, RAISE, Low-No, Bus & Bus Facilities funding to supplement the annual budget in future years and be prepared for capital needs through 2029.

10.24.6 Adjournment

A motion was made by Kristin Myers and supported by Jason Latham to adjourn the meeting. Motion carried unanimously

MEMO

Board Action Item

Date: December 16, 2024

To: MAX Board Members

From: Beth Higgs, Deputy Director

Kait Riegling, Procurement Coordinator/Grant Specialist

Subject: FY2023 – 2026 TIP Amendments

In a typical year, MAX will apply for their federal award funds in the summer, however the FTA requested that many agencies, especially those with unspent funds to wait until the new fiscal year to apply for their funding. MAX was one such agency that the FTA requested to wait until FY 2025 to apply for FY 2024 funding. (Federal funds are typically a reimbursement of the funds already spent).

Once the fiscal year started on October 1st, MAX submitted their application. However, because MAX still had not spent funds allocated for older projects, FTA requested a capital projects analysis to be conducted by MAX. Beth Higgs and Kait Riegling have worked out a tentative first draft and are working on the required follow-up items before presenting to the FTA for approval. In the meantime, Kait has been working on the amendment for the MI-2023-029 grant to include this year's operating assistance.

During the amendment process it was determined that a TIP amendment was also required. In order to cover the capital needs of FY 2024, former MAX Director Elisa Hoekwater had used remaining MI-2020-039 funds to cover majority of MAX's operating assistance needs and allocated \$566,000 for the FY 2024 Section 5307 funds for operating. The original TIP amount for FY 2024 had the state match at \$1,641,000, however the FTA requires a match up to, but not exceeding fifty percent. This TIP amendment will bring the state match down to \$566,000, or fifty percent share. The Macatawa Area Coordinating Council (MACC) Technical Advisory Committee approved this amendment during their meeting held Monday, December 9. The following illustrates the approved amendment.

	FEDERAL	STATE	LOCAL	TOTAL
ORIGINAL	\$566,000	\$2179,799	\$1,641,000	\$4,386,799
UPDATED	\$566,000	\$566,000	\$1,641,000	\$2,773,000

Reason For Amendment – Budget Decrease

Board Action

MAX staff is requesting Board approval of the proposed amendment to the FY2023-2026 TIP.

Approval by Governing Board

The Macatawa Area Express Authority Board hereby approves the amendment to the FY2023-FY2026 TIP as written at the meeting held on day 16 of December 2024.

The undersigned duly qualified members of the Macatawa Area Express Transportation Authority certifies the foregoing is true and correct at the meeting held on **December 16, 2024**.

Re: FY2024 Equal Employment Opportunity (EEO) Program Annual Review

EEO works to ensure fairness in the workplace and in maintaining a representative workforce reflective of the local community. The summaries below are based on data compiled during the two (2) most recent FYs 2023-2024, broken down by each EEO reporting category.

Area Labor Comparison:

RACE: The proportion of minority staff increased from 20.0% to 22.7%, or from 14 to 17 staff members; minority representation remained above the average minority area labor representation rate of 18.3%.

WOMEN: The total number of female staff increased from 28 to 30 staff members; the proportion of *Women* remained unchanged at 40.0%, slightly below the overall female area labor representation of 46.0%.

Hires:

RACE: The hiring rate across all job categories for minorities was 18.6% versus 40.3% for *Whites*. Among the individual job categories, analysis of *Service & Maintenance Workers* identified a potential adverse impact among *Hispanics*; this area was reviewed more deeply with Authority hiring staff to look into why these candidates were not selected, which included a mix of the following recorded reasons: (1) wanted FT when only PT was available, (2) five prior commercial accidents, (3) no stable work history, and (4) limited availability for the work hours needed; this area will continue to be monitored into FY2025.

WOMEN: No potential adverse impacts were identified through analysis.

Promotions/Transfers:

RACE: Although the low numbers make analysis more difficult (three (3) openings over FYs2023-2024), no potential adverse impacts were identified through analysis.

WOMEN: Although the low numbers make analysis more difficult (three (3) openings over FYs2023-2024), applications for promotion or transfer—at 18.2%—is below the expected rate. While no adverse impact is believed to be occurring—Women make up 100.0% of *Officials/Administrators*, 62.5% of *Professionals*, and 87.5% of *Administrative Support*—MAX might consider efforts toward increasing the numbers of *Women* applying for internal promotional or transfer opportunities.

Disciplinary:

RACE: No potential adverse impacts were identified.

WOMEN: Analysis shows *Men* made up 54.3% of overall disciplinary actions while representing 60.0% of the average FY2023-FY2024 MAX workforce; *Women* made up 45.7% of overall disciplinary actions, versus representing 40.0% of the average MAX workforce. Among *Service & Maintenance Workers*—specifically—*Women* are shown receiving higher-than-expected rates of *Written Warning* (at 56.5%) and *Termination* (at 50.0%)—although one (1) female staff accounted for 38.5% of *Written Warnings* attributed to *Women*. Data still suggest a slight potential adverse impact affecting *Women* might exist among *Terminations*. Upon looking into causes leading to these *Terminations*, clearcut attendance, insubordination, and verbal abuse policy violations were noted; no potential adverse impacts were identified.

Involuntary Terminations:

RACE: No potential adverse impacts were identified through analysis.

WOMEN: No potential adverse impacts were identified through analysis.

Voluntary Separations:

RACE: No potential adverse impacts were identified through analysis. **WOMEN**: No potential adverse impacts were identified through analysis.

Training (w/Promotion Potential):

RACE: No potential adverse impacts were identified through analysis.

WOMEN: No potential adverse impacts were identified through analysis.

<u>Supplemental Information</u>:

Key review items and takeaways for FY2024:

- The overall racial/ethnic makeup of MAX's staff remains well-representative of the community.
- Female bus operator counts have increased to 12 drivers to begin FY2025, making 26.7% of MAX's drivers *Women*.
 - o Nationally, 33.5% of all transit bus drivers are female (Data USA 2022).
 - o In 2016—when EEO recordkeeping began—43.5% of drivers were Women.
- Continued efforts encouraging/increasing Women applicants for promotion or transfer opportunities.

Employee Turnover Rate is the percentage of employees leaving an organization during a specific period. Businesses and organizations usually include voluntary resignations, dismissals, and retirements in their turnover calculations; internal movements such as promotions or transfers are typically <u>not</u> included.

MAX Employee Turnover Rates – Last Nine (9) Fiscal Years

FY2024	FY2023	FY2022	FY2021	FY2020	FY2019	FY2018	FY2017	FY2016
17.9%	24.5%	17.3%	26.6%	28.4%	29.3%	29.9%	34.8%	35.5%

According to the U.S. Bureau of Labor Statistics, the average turnover rate in the U.S. is about 12% - 15% annually.

The final item of information included with this review (see attached) documents MAX's annual EEO-related compliance verifications and various staff reviews planned or completed over the course of FY2024.

The complete *Equal Employment Opportunity (EEO) Program*—updated for FY2025—is available for review on MAX's website.

EEO Program Requirements & Elements

FTA requires each applicant, recipient, sub-recipient, or contractor that meets the threshold requirements of FTA Circular 4704.1A (all recipients and state DOTs with 100 or more transit-related employees) to submit an updated Equal Employment Opportunity (EEO) Program on a four-year basis, or as major changes occur in the workforce or employment conditions—whichever comes first.

This program complies with Titles VI & VII of the Civil Rights Act of 1964, Title II of the Genetic Information Nondiscrimination Act of 2008 (GINA), 49 U.S.C. Chapter 53 (the Federal Transit law), other Federal civil rights statutes, and the U.S. Department of Transportation (DOT) regulations in 49 CFR part 21.

FTA's Office of Civil Rights may request additional information from the agency to resolve questions concerning EEO compliance. Failure to submit information requested by FTA may delay the award of FTA funds or the processing of grant applications. FTA requires agencies to retain all records that would enable FTA to ascertain whether they have complied—or is complying—with Equal Employment Opportunity statutes and regulations for a minimum of three years.

FTA requires the EEO Program to contain the following seven (7) elements:

- 1. EEO Policy Statement
- 2. Dissemination of the EEO Plan
- 3. Designation of Personnel Responsibility
- 4. Assessment of Employment Practices
- 5. Monitoring and Reporting

Agencies meeting the threshold requirement (100 or more transit-related employees) must also submit:

- 6. Utilization Analysis
- 7. Goals & Timetables

MAX does not currently meet the threshold requirement of 100 or more transit-related employees, and therefore, will follow the requirements outlined in FTA Circular 4704.1A for agencies between 50-99 transit-related employees. As a smaller agency, MAX is currently not required to conduct a utilization analysis with goals and timetables or to submit the EEO Program to FTA every four years—although all other requirements remain applicable.

The EEO Program must be provided to FTA if requested by the Office of Civil Rights or for any State Management Review or Triennial Review; the format of the Utilization Analysis data sheet, though, will be used for tracking area labor availability by EEO-4 Job Category.

EEO Policy Statement

The Macatawa Area Express Transportation Authority (MAX) has a strong commitment to the community we serve and our employees. As an Equal Opportunity Employer, we strive to have a workforce that reflects the community we serve. No person is unlawfully excluded from employment opportunities based on race, color, religion, national origin, sex (including gender identity, sexual orientation, and pregnancy), age (40 or older), genetic information, disability, veteran status, (in Michigan, height, weight, or marital status), or other protected class.

MAX's Equal Employment Opportunity (EEO) policy applies to all employment actions—including but not limited to—recruitment or recruitment advertising, hiring, upgrading, selection for training, promotion, transfer, demotion, layoff, termination, rates of pay or other forms of compensation.

All applicants and employees have the right to file complaints alleging discrimination. Any complaint of discrimination will be investigated thoroughly and promptly; retaliation against an individual who files a charge or complaint of discrimination, participates in an employment discrimination proceeding (such as an investigation or lawsuit), or otherwise engages in protected activity is strictly prohibited and will not be tolerated.

As MAX's Executive Director, I maintain overall responsibility and accountability for MAX's EEO compliance. To ensure day-to-day management—including program preparation, monitoring, and complaint investigation—I have appointed Charles Veldhoff, Data Analyst/EEO Officer, 616.928.2494, c.veldhoff@catchamax.org. For EEO concerns, Veldhoff will report directly to the MAX Authority Board and will act with full authority with all levels of management, labor unions, and employees.

MAX is committed to providing reasonable accommodations to applicants and employees who need them because of a disability or to practice or observe their religion, absent undue hardship. If any employee believes that accommodation of a disability is necessary to perform essential job functions, the request for reasonable accommodation can be made to the EEO Officer. Michigan law requires MAX be given written notice within 182 days after the employee knows or reasonably should have known of the need for accommodation.

All MAX executives, management, and supervisors, however, share in the responsibility for implementing and monitoring MAX's EEO Policy & Program within their respective areas, and will be assigned specific tasks to ensure compliance. MAX will evaluate its managers' and supervisors' performance on their successful implementation of MAX's policies and procedures in the same way MAX assesses their performance regarding other agency programs.

MAX is committed to undertaking and developing a written nondiscrimination program that sets forth the policies, practices, and procedures to which the agency is committed, and to make the EEOP available for inspection by any employee or applicant for employment upon request.

I am personally committed to a workplace that acts upon its daily responsibility to treat all applicants and employees with dignity and respect, as well as equitably under the guidelines of our EEO Policy and Program.

Beth Higgs, Interim Executive Director

November 21, 2024

Beth Higgs

Dissemination of the EEO Plan

FTA requires agencies to formally publicize and disseminate their EEO policy statement by posting it in conspicuous locations so that employees, applicants, and potential applicants are aware of the agency's commitment to EEO.

Agencies are required to disseminate their EEO policy internally and externally.

Internal Dissemination

FTA requires each agency to communicate the existence of its EEO policy and program to employees, applicants, and potential applicants. MAX will accomplish this requirement through:

- Providing written communications from the Executive Director (e.g., policy statement), and routinely printing the EEO policy statement in the organizational newsletter.
- Posting official EEO materials (e.g., Federal and state labor laws poster(s)) and the agency's policy statement on bulletin boards, near time clocks, in employees' break rooms, and in the employment/personnel office.
- Including the EEO policy statement in the agency's personnel and operations manual, employee handbooks, reports, and manuals.
- Meeting with employees and affinity groups to seek input on the program implementation.
- Issuing a written memorandum annually to all supervisors informing them of their general responsibilities regarding the EEO program.
- Conducting EEO training for all new supervisors or managers within 90 days of their appointment.
- Posting the EEO statement, background information, and complaint process on the organizational website.
- Conducting periodic EEO training and program review for all employees and for managers.
- Meeting with top management officials (e.g., bus operations, human resources, planning, marketing, etc.) at least semiannually to discuss the EEOP and its implementation.
- Conducting a review of the organization's EEO policy with all employees, and a formal assessment with Management and the Authority Board at least once per year.

The EEO policy statement is included in the MAX Employee Handbook as part of the orientation materials provided to new staff. New employees are required to sign a form acknowledging they have read and understand the EEO and other core agency policies. Additionally, the EEO policy statement is reviewed and included in the new hire orientation packets, describing key aspects and components of the agency's EEO plan.

FTA requires appropriate documentation that the EEO policy and program have been brought to the attention of employees. This includes maintaining agendas and sign-in sheets for meetings conducted when the EEO policy and its implementation are explained.

External Dissemination

The EEO policy and program will be shared outside the organization by:

- Including in all television, newspaper, and radio advertising and recruitment outreach a statement that MAX is "An Equal Opportunity Employer."
- Providing our EEO policy annually for awareness purposes and public comment, and/or job advertising for vacancies posted externally to recruitment entities (e.g., employment agencies, educational institutions, minority, civil rights, and women organizations):
 - Disability Network Lakeshore—426 Century Lane, Holland, MI 49423
 Amanda Rhines, Executive Director; amanda@dnlakeshore.org
 - Michigan Women Forward—535 Cascade West Parkway SE, Grand Rapids, MI 49546
 Ana Jose, Director of Business Development; ajose@miwf.org
 - Latin Americans United for Progress—430 W. 17th St., Suite 31, Holland, MI 49423
 Johnny Rodriguez, Program Director; johnny@laup.org
 - Ottawa County Dept. of Veterans Affairs—12251 James Street, Suite 300, Holland, MI 49423 ottawacountydva@gmail.com
- Attention will be given to advertising in sources and media that reach minorities and females.
- Posting the EEO statement, policy, and program information, and EEO complaint process on the organizational website.
- Displaying the phrase "MAX is an Equal Opportunity Employer" on the Career Paths at MAX page of the organizational website.

Designation of Personnel Responsibility

The designation of an agency's EEO Officer responsible for EEOP management and oversight reflects the agency's EEO commitment. The EEO Officer reports directly to the Authority Board. Contact information for the EEO Officer will be publicized, and the individual's name and contact information will be included on all internal and external communications regarding the agency's EEOP.

MAX will ensure no conflicts of position or conflicts of interest occur or appear to occur with respect to the EEO Officer's role in order to maintain the integrity of the EEO investigative and decision-making process. FTA requires the functional unit that reviews EEO matters are separate and apart from the unit that represents the agency in EEO complaints. Impartiality and the appearance of impartiality are important to the credibility of the EEOP.

EEO Officer's EEOP Responsibilities

FTA requires the EEO Officer's EEOP responsibilities to include, at a minimum:

- Developing the EEO policy statement and a written EEOP.
- Assisting management in collecting and analyzing employment data, identifying problem areas, setting
 goals and timetables (should the threshold be met), and developing programs to achieve goals.
- Designing, implementing, and monitoring internal audit and reporting systems to measure program effectiveness and to determine where progress has been made and where further action is needed.
- Reviewing the agency's nondiscrimination plan with all managers and supervisors to ensure that the policy
 is understood and is followed in all personnel activities.
- In conjunction with human resources, periodically reviewing employment practices policies (e.g., hiring, promotions, training), complaint policies, reasonable accommodation policies, performance evaluations, grievance procedures, and union agreements.
- Reporting at least semiannually to the Executive Director on each department's progress in relation to the agency's goals, and on contractor and vendor compliance.
- Serving as liaison between the agency, Federal, state, county, and local governments, regulatory agencies, minority, women, disability organizations, and other community groups.
- Maintaining awareness of current EEO laws and ensuring the laws affecting nondiscrimination are disseminated to responsible officials.
- Investigating/processing complaints of EEO discrimination.
- Monitoring complaint logs for claims of discrimination relating to EEO and/or Title VI regulations.
- Providing EEO training for employees and managers.

- In conjunction with human resources, advising employees and applicants of any available training programs and professional development opportunities and the entrance requirements.
- Auditing postings of the EEO policy statement to ensure compliance information is posted and up-to-date.
- Assisting in recruiting minority, disabled, and women applicants, and establishing outreach sources for use by hiring officials.
- Concurring in the hiring and promotion process.

MAX will provide investigative training and educational resources to all individuals involved with investigating EEO complaints and will seek to implement and utilize an Alternative Dispute Resolution (ADR) program of mediation in resolving discrimination disputes in a timely, mutually acceptable, and cost-effective manner.

Agency EEO Responsibilities

Although the EEO Officer is primarily responsible for implementing an agency's EEOP, all officials, managers, and supervisors are responsible for carrying out EEO, and are not to discriminate based on protected class. All managers—from the supervisor of the smallest unit to the Board Chair or CEO/GM—bear the responsibility for ensuring that agency EEO policies and programs are carried out.

EEO responsibilities for agency officials, supervisors, and managers include:

- Participating actively in periodic audits of all aspects of employment to identify and to remove barriers
 obstructing the achievement of specified goals and objectives.
- Holding regular discussions with other managers, supervisors, employees, and affinity groups to ensure agency policies and procedures are being followed.
- In conjunction with the EEO Officer, maintaining and updating the personnel database for generating reports required for the nondiscrimination program.
- Cooperating with the EEO Officer in review of information and investigation of complaints.
- Encouraging employee participation to support the advancement of the EEO Program (e.g., professional development and career-growth opportunities, posting available promotional opportunities, shadowing, mentoring).

MAX will consider establishing an advisory committee/employee resource group (ERG), or affinity group—in the practice of good faith—that reflects all segments of the community and the agency's workforce, as well as implementing diversity and inclusion strategies. The use of written suggestion boxes is currently being utilized.

Assessment of Employment Practices

FTA requires agencies to provide narrative and statistical data that show any potential impact of employment practices on minorities and women. This includes:

- The number of applicants for employment in each job category and the number hired, cross-referenced by sex and race.
- The number of employees in each job category who applied for promotion or transfer and the number in each job category promoted or transferred, cross-referenced by sex and race.
- The number and types of disciplinary actions (e.g., indefinite suspension, loss of pay, demotion), tailored to the language used in union contracts and agency policies and procedures.
- The number of voluntary separations/involuntary terminations, cross-referenced by sex and race.
- Job category training that fosters promotion potential, cross-referenced by sex and race.

The EEO policy applies to MAX's recruitment and hiring efforts and reflects our commitment to recruit and promote the most qualified persons available. All employment practices and procedures shall be conducted in compliance with existing federal and state equal opportunity laws.

MAX will utilize the "4/5ths" or "80%" rule to identify potential adverse impacts as provided by FTA via download from its website in the form of Microsoft Excel workbooks. FTA requires agencies to complete the spreadsheets by providing current, accurate, and relevant data accompanied by a narrative explaining the source of the data and the results of the analysis—raw data is not acceptable.

The following sample provided by the *U.S. Equal Employment Opportunity Commission* illustrates the "4/5ths" or "80%" rule:

If an organization's hiring rate for Whites is 60%, Native Americans 45%, Hispanics 48%, and Blacks 51%, and each of these groups constitutes more than 2% of the labor force in the relevant labor area, a comparison should be made of the selection rate for each group with that of the highest group (Whites). These comparisons show the following impact ratios: Native Americans 45/60 or 75%, Hispanics 48/60 or 80%, and Blacks 51/60 or 85%. Applying the 4/5ths or 80% rule of thumb—on the basis of the above information alone—adverse impact is indicated for Native Americans but not for Blacks or Hispanics.

FTA notes that determining disparate impact is not a purely arithmetic exercise since other factors (such as the overall numbers involved) contribute to a proper analysis of employment practices. In addition, FTA does not require analysis for any groups constituting less than 2 percent of the applicable workforce, the basis for which is determined by the *Area Labor Percent Availability by EEO-4 Job Group* chart found on the last page of this program report.

Employment Practices

1. Recruitment & Selection

Everyone at MAX who recruits, interviews, hires, promotes, trains, or takes disciplinary actions will be trained in the use of objective, job-related standards. Job descriptions and hiring standards reflect major job functions and do not require qualifications that are higher than needed.

Individuals and community-based organizations shall be used for the purposes of soliciting minority and female applicants. Special emphasis shall be placed on the dissemination of information to female and minority groups in the community.

2. Testing:

MAX does not currently utilize any written, formal, or scored tests in the employment selection process. Should such testing be used, it shall be identified in this section along with a description of test administration procedures. An explanation related to test validation to predict or measure job performance will also be included.

Other items related to testing include:

- Background check, driver license/driving record verifications are required prior to any employment offer.
- Medical evaluation including drug screen is required for safety-sensitive positions requiring a CDL.

3. Advertisements

Advertisements for open positions shall be conducted at all times by:

- Internally: In general, open positions will be made available through notices to all departments to offer employees the opportunity to apply for positions they may be qualified to perform. The Authority does reserve the right not to post a particular job opening.
 - o A copy of MAX's Internal Job Posting form is provided on Page 28.
- Externally: open positions not filled from available MAX employees shall be advertised.

4. Seniority Practices

MAX does not have seniority practices or provisions in place. Open positions are posted for all
employees to see and to apply, however, the Authority reserves the right not to post a particular
opening. Any interested candidate who applies for a position is interviewed and provided the
same opportunity to prove their capabilities of being the best candidate for the open position.

5. Training

Formal trainings are held routinely for all staff (depending on job classification) during quarterly safety meetings. Additionally, refresher trainings are offered to staff to sharpen skills in areas of need to help

avert potential infractions. More informal training also exists for temporary "fill-in" positions, which often later allow for promotional opportunities through such cross-training tactics. MAX ensures protected classes are given equal opportunity to participate in such cross-trainings, with potential candidates identified as a key part of the annual EEO review with the management staff.

MAX records both supervisory and non-supervisory staff trainings and course objectives and verifies staff participation through attendance lists.

The employee training and promotion potential of minority and female employees is periodically reviewed, with eligible employees encouraged to apply when openings are available.

6. <u>Selection Standards & Procedures</u>

- Selection—in selecting potential employees it shall be the policy to avoid, and eliminate where
 needed, standards or procedures which tend to screen out minority and female applicants.
 Selection processes are specifically concerned with preventing selections based on derogatory
 stereotypical characterizations of individuals based on religion, race, color, national origin, age,
 sex, height, weight, marital status, sexual orientation, or disability.
 - Additional mechanisms such as probationary periods may be used to further examine the suitability of the employee. Probationary periods are clearly defined in employment offer letters, labor contracts, and are applied equally to all employees assigned to positions requiring them.
 - Individuals with disabilities are hired and promoted on merit factors alone and not by arbitrary generalizations, stereotypes, or preconceived notions about "handicapped" or temporarily disabled individuals.
- Use of EEOC Guidelines—it shall be the policy of MAX to subscribe and comply with the Equal Employment Opportunity Commission's (EEOC) guidelines on employee selection. If testing takes place, tests shall be job related and consistent with the EEOC guidelines on employee selection.
- Application Forms—application forms and pre-employment inquiries shall be conducted in a
 manner that is neutral and non-discriminatory. Traditional discriminatory barriers—except for
 bona fide requirements—shall be avoided and corrected when found. MAX provides electronic
 applications as well as traditional paper application forms.
- Interviews—interviews shall be conducted in an objective manner. It shall be the policy of the Authority that the interviewer be qualified and sensitive to the goals and objectives of the Equal Employment Opportunity Policy and Plan.
- Monitoring Process—all steps in the selection process shall be evaluated and monitored by the EEO Officer.

7. <u>Promotions & Transf</u>ers

It shall be the responsibility of the EEO Officer and supervisors to ensure minorities and females are given equal opportunity for new jobs, promotions, transfers, and training.

- Removal of Employment Barriers—it shall be the EEO Officer's responsibility to work with the MAX Director and supervisors in the identification and removal of any employment barriers which might impede horizontal and vertical movement of minorities and females.
- Record Keeping—to monitor and ensure that progressive employment practices take place, the EEO Officer shall maintain records to monitor upward mobility.

Good practices under consideration or currently utilized include:

- Training to employees, personnel, and management staff on proper interview techniques.
- Counseling to assist employees in identifying promotional opportunities.
- Training and educational programs to increase promotion and transfer opportunities.
- Leadership mentoring, shadowing, or training for identified talent.

8. Compensation & Benefits

Wages, salary levels, and other forms of compensation shall be consistent with the Equal Pay Act of 1963, as amended, and administered in a non-discriminatory manner. The Equal Pay Act means equal pay for equal work. MAX will review its compensation and benefit structure on a regular basis to ensure protected classes do not fall risk to discrimination. Compensation information is additionally described in the MAX Employee Handbook.

Reviews will also be made to compare job descriptions with actual job functions of positions held by employees of protected classes, comparing length of service and pay rates. All additional benefits, such as retirement plans and medical benefits, will also be reviewed to ensure they are being equally available to all employees.

9. Disciplinary Procedures & Termination Process

Employees of MAX are required to always conduct themselves in a manner that reflects a positive image for the Authority. Staff are expected to perform their duties safely with honesty and integrity. Disciplinary actions (e.g., termination, demotion, discipline, or layoff) will be administered consistently and equitably.

The objective is correcting an employee's deficiencies. The level of discipline is based on the totality of the circumstances surrounding the issue. Depending on the nature of the infraction or performance deficiency as determined by investigation, the following progressive action may be taken:

- Counseling Action/Verbal Warning
- Written Warning

Equal Employment Opportunity Program (EEO) FY2025

- Suspension Without Pay/Final Written Warning
- Termination

Layoff guidelines or other clauses in union contracts will be monitored for disparate effects on employees within protected classes. Should any barriers to equal employment be identified, MAX will work to revise any future union agreements within this area.

Notes:

NARRATIVE: RACE—Across job categories, the *Whites* hiring rate was 40.3% and 18.6% for minorities, including 25.0% for *Hispanics*. For *Service & Maintenance*, the hiring rate for *Whites* was 42.1%, for *Hispanics* 23.5%, and for *Two or More Races* 12.5%. Following the 4/5 or 80% rule, a potential adverse impact is indicated among *Hispanics* and *Two or More Races* within this job category; this area was reviewed more deeply with Authority hiring staff to look into why these candidates were not selected, which included a mix of the following recorded reasons: (1) wanted FT when only PT was available, (2) five prior commercial accidents, (3) no stable work history, and (4) limited availability for the work hours needed; this area will continue to be monitored into FY2025. Although the low numbers make analysis more difficult for *Administrative Support*, the hiring rate for *Whites* was 33.3%, and 40.0% for *Hispanics*; no potential adverse impact is indicated within the *Administrative Support* job category. *Blacks* represent < 2% of the local labor force, so no comparison is required. WOMEN—Across job categories, the hiring rate for *Women* was 36.8% versus 29.2% for *Men*. For *Administrative Support* the hiring rate for *Women* was 33.3%, compared with *Men* at 0.0%; *Women* staff members remain well represented at 87.5% within the *Administrative Support* job category. For *Service & Maintenance*, the hiring rate for *Women* was 39.1%, above that for *Men* at 29.9%; no adverse impact on *Women* has been determined.

Notes:

NARRATIVE: RACE—Although the low numbers make a definitive analysis difficult (only three (3) internal openings during FYs2023-2024), *Minorities* made up 21.4% of MAX's average minority workforce and accounted for 0.0% of those receiving and applying for a promotion or transfer. *Minorities* also made up 0.0% of applications for promotion or transfer; although no potential adverse impact has been identified, MAX might consider additional steps to encourage more internal minority applications. WOMEN—Although the low numbers make a definitive analysis difficult, *Women* comprised 40.0% of the MAX average female workforce for FYs2023-2024 but made up 0.0% of those *receiving* a promotion or transfer—below what would be considered the expected rate. Among *applications* for promotion or transfer, 18.2% were made by *Women*, also below the expected rate. While no adverse impact is believed to be occurring—*Women* make up 100.0% of *Officials/Administrators*, 62.5% of *Professionals*, and 87.5% of *Administrative Support*—MAX might consider efforts toward increasing the numbers of *Women* applying for internal promotional or transfer opportunities.

NARRATIVE: RACE—For FYs2023-2024, minority groups across all job categories with disciplinary actions was *Black* at 0.0% (making up 0.7% of the avg. MAX workforce), *Hispanic* at 21.3% (17.9% of the avg. MAX workforce), 2-or-More-Races at 3.2% (2.8% of the avg. MAX workforce), and *White* at 75.5% (78.7% of the avg. MAX workforce). Among *Service & Maintenance Workers*—composing the majority of MAX's workforce—disciplinary actions for *Minorities* decreased from 30.9% in FYs2022-2023 to 20.5% in FYs2023-2024, whereby *Minorities* within this job category made up 18.7% of the average MAX workforce. Further review shows *Minorities* receiving only slightly-more-than-expected rates of *Verbal Warning* (at 20.9%), Written Warning (at 21.7%), and *Termination* (at 20.0%), with below expected rates of *Suspension Without Pay* (at 14.3%); no potential adverse impact affecting *Minorities* has been indicated. WOMEN—Analysis shows *Men* made up 54.3% of overall disciplinary actions while representing 60.0% of the average FY2023-FY2024 MAX workforce; *Women* made up 45.7% of overall disciplinary actions, versus representing 40.0% of the average MAX workforce. Among *Service & Maintenance Workers* specifically, *Women* are shown receiving higher-than-expected rates of *Written Warning* (at 56.5%) and *Termination* (at 50.0%)—although one (1) female staff accounted for 38.5% of *Written Warnings* attributed to *Women*. Data still suggest a slight potential adverse impact affecting *Women* might exist among *Terminations*. Upon looking into causes leading to these *Terminations*, clearcut attendance, insubordination, and verbal abuse policy violations were noted; no potential adverse impacts were identified.

NARRATIVE: RACE—For FYs2023-2024, the overall retention rates with respect to Involuntary Terminations was *Whites* at 89.7%, *Hispanics* 85.2%, and *2-or-More-Races* 100.0%. Although the low numbers make a definitive analysis more difficult among the *Administrative Support* job category, retention rates were *Whites* 100.0%, and *Hispanics* 75.0%; applying the 4/5 or 80% rule, a potential adverse impact is indicated among Hispanics; further review shows this Involuntary Separation resulted from repeated work-related violations; no potential adverse impact has been identified. *Blacks* make up < 2% of the local labor force, so no comparison is required; *Asians* could not be measured due to low counts involved. WOMEN—Over the past two years, *Women* represented 40.0% of overall Involuntary Terminations (6-out-of-15), while equally representing 40.0% of the average FYs2023-2024 workforce; no potential adverse impacts are identified.

Monitoring and Reporting

The EEO Officer will cumulatively monitor all employment actions, including new hires, promotions/transfers, voluntary separations/involuntary terminations, and trainings, and all identified barriers to ensure that the Equal Employment Opportunity Program is carried out in its entirety.

An important part of any successful EEO Program is establishing an effective and workable internal monitoring and reporting system to:

- Assess EEO status, document accomplishments or the lack of accomplishments to Management and the Authority Board.
- Enable agencies to evaluate their EEO Program during the year and to take any necessary corrective action regarding the development and execution of programs. FTA requires agencies to conduct such evaluations semiannually, at a minimum.
- Produce documentation that supports actions to implement the plan for minority and female job applicants or employees and informs management of the program's effectiveness.

The following EEO-related monitoring and reporting actions will be utilized by the EEO Officer—with results and needed follow up actions documented in the form of meeting minutes—and will include any related handouts or data tables. Such actions will occur according to the following scheduled frequencies:

- DAILY/ONGOING—database updates reflecting key EEO data fields: applications, hires, disciplinary actions, separations, etc.
- DAILY/ONGOING—documentation log updates related to job postings published, advertisements placed, recruitment locations and dates, etc., including documentation for any EEO-related meetings between the Executive Director and/or Human Resources personnel, and the EEO Officer (e.g., statistics on employment practices and policies, verifying that job descriptions contain legitimate position requirements, that any testing used has been validated, etc.).
- BI-YEARLY—Management Committee review of fiscal year-to-date data, including to but not limited to, hiring, promotions, status of EEO complaints, etc.
- YEARLY—a fiscal year-end review with all data accumulated, with any areas of concern reviewed in detail.
 Annual EEO report with findings submitted to managerial staff and the MAX Authority Board, and made available to all employees.
- YEARLY—a written reminder to all supervisory staff informing them of their general responsibilities regarding the EEO program.
- YEARLY—a submission of the EEO Program & Policy to potential recruitment entities (e.g., employment
 agencies, educational institutions, minority, civil rights, and women's organizations) for awareness
 purposes and public comment.

- YEARLY—an EEO audit that ensures:
 - EEO materials such as posters and statements are up-to-date and remain posted in appropriate locations.
 - The EEO statement, program and contact information, and complaint process remain posted on the MAX website—with live links and current, relevant information.
 - EEO information is reviewed in the new employee orientation process, and remains included with current and relevant information in the MAX Employee Handbook.
 - The EEO phrase "MAX is an Equal Opportunity Employer" is used in television, radio, newspaper, or other recruitment outreach, such as social media *blasts*, and is included on the agency's website's *Work Opportunities* page, and in any related printed materials.
- YEARLY—a review of the EEO program with all staff during a quarterly safety meeting; the EEO policy statement will be highlighted in the employee newsletter.
 - Sign-in sheets will be documented, listing each attendee.

Data will be monitored and tabulated by the EEO Officer with breakdowns on race, color, and sex; breakdowns will also be monitored in required areas for veterans and persons with disabilities.

Layoff guidelines or other clauses in union contracts will be monitored as needed for disparate effects on employees within protected classes. Should any barriers to equal employment be identified, MAX will work to revise any future union agreements within this area.

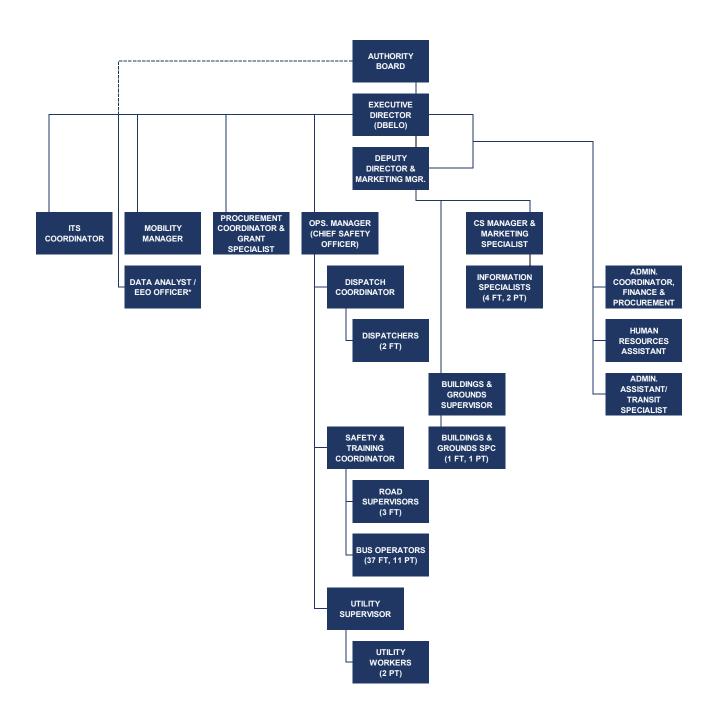

Additionally, all EEO complaints will be monitored and documented by the EEO Officer. A database exists that documents the name of the complainant, basis of the complaint(s), the protected group, date of initial contact, date of resolution, resolution reached, and the name of the investigator.

Union contracts will be reviewed at the time of their formation to ensure disparate impacts do not result.

Monitoring of Sub-Recipients or Contractors—MAX will require each of its sub-recipients or sub-contracting service providers to prepare and share their prospective EEO Plans on an annual basis, the requirements of which in accordance with FTA Circular 4701.1. Proof of such a review will be documented in the form of a letter or memo to the sub-recipient or contractor, as will an annual site visit to verify and document the proper display of the EEO Policy Statement and related labor law postings.

As of the date of this program update, MAX does not utilize any sub-recipients in the provision of transit service delivery.

EEO Complaints

Equal Employment Opportunity discrimination complaints may be filed on the basis of race, color, religion, sex (including gender identity, sexual orientation, and pregnancy), age, national origin, disability, veteran status, or genetic information, or any other basis prohibited by local, state, or federal law, whether made in general, directed to an individual, or to a group of people regardless of whether or not the behavior was intended to harass. Types of complaints include unfair or inequitable treatment with regards to job retention, promotion, demotion, training opportunities, classification, pay, or other employee relations problems including harassment and retaliation by supervisors or other employees. A complaint must be submitted within 180 days from time of occurrence.

FTA requires applicants and recipients to adopt local procedures consistent with EEO statutes and regulations for the disposition of EEO complaints. FTA also encourages complainants to seek resolution locally and to file complaints with FTA only when dissatisfied with how the complaint was resolved or when the case is not being resolved in a timely manner.

For complaints other than discrimination and harassment, bargaining unit employees should follow the grievance procedures outlined in their union contract.

MAX has established a systematic and orderly method of hearing complaints arising out of violation of EEO statutes. The following procedural steps shall be utilized by those seeking recourse for any violation of the Equal Employment Opportunity Policy:

- STEP 1—Anyone having an EEO complaint shall meet with the EEO Officer for a confidential consultation.
- **STEP 2**—After consultation, the person bringing the complaint may decide to file a written complaint which shall be documented by the EEO Officer. A copy of the EEO complaint shall be issued to appropriate supervisory staff.
- **STEP 3**—Once the written complaint is filed, the EEO Officer shall conduct an investigation and interview witnesses. This investigation shall be completed as soon as possible, in a timely manner.
- **STEP 4**—Once the investigation is completed, the EEO Officer shall schedule a meeting as soon as possible to attempt to resolve the complaint. Persons at the meeting shall include the person who made the complaint, the appropriate supervisory staff, and the Executive Director.
- **STEP 5**—A summary of the meeting will be documented by the EEO Officer. A copy of this summary shall be distributed to all who attended the meeting.
- **STEP 6**—If the complaint is not resolved at this level, the EEO Officer will schedule another meeting with all parties involved in attempt to resolve the complaint.
- **STEP 7**—The EEO Officer shall review the facts of the case and examine the entire record, and make a decision which shall constitute the final decision in the matter. The decision will be communicated in writing to the individual making the complaint, the supervisory staff involved in the matter, and the Executive Director. Every effort will be to provide this written decision within 30 days from the date that the written complaint was filed, unless extenuating circumstances exist—such as additional time needed to obtain information which would provide for the most equitable handling of the case.

Resolution of Complaint

The EEO Officer will seek to resolve the issue on the lowest level through mediation with the complainant, their department head, and Executive Director, if necessary. Should the findings—if any—show that a violation occurred, the EEO Officer may recommend disciplinary action, if warranted. If the complainant is represented and is not satisfied by the outcome of the mediation, he/she may also file a grievance through their respective union.

Although it is FTA's practice to encourage employees and applicants to resolve issues with local agencies when possible before filing a complaint, persons unsatisfied by the outcome of EEO mediation may file a complaint within 180 days from the date of the alleged discrimination with the U.S. Department of Transportation Office of Civil Rights, or the U.S. Equal Employment Opportunity Commission:

MACATAWA AREA EXPRESS TRANSPORTATION AUTHORITY

EQUAL EMPLOYMENT OPPORTUNITY (EEO) COMPLAINT FORM

The Macatawa Area Express Transportation Authority (MAX) has a strong commitment to the community we serve and our employees. As an equal opportunity employer, we strive to have a workforce that reflects the community we serve. No person is unlawfully excluded from employment opportunities based on race, color, religion, national origin, sex (including gender identity, sexual orientation, and pregnancy), age, disability, veteran status, or other protected class.

MAX's Equal Employment Opportunity (EEO) policy applies to all employment actions—including but not limited to—recruitment, hiring, selection for training, promotion, transfer, demotion, layoff, termination, rates of pay or other forms of compensation, and use of facilities.

All applicants and employees have the right to file complaints alleging discrimination. Any complaint of discrimination will be investigated thoroughly and promptly; no employee will be retaliated against for a good faith complaint.

Please complete this form in its entirety. In order to be processed, signed original complaint forms must be mailed or hand delivered to:

Historical Ridership FY2000-FY2024 7,476,960 Historical Ridership Through FY2025 7,524,481

Macatawa Area Express Transportation Authority

Meeting Date: December 16, 2024	Agenda Item:
Subject: Financial Reports for 11/30/2024–Unaudited	Prepared By: Wayne Reed, City Finance

Recommendation: Accept Financial Reports as information

The Macatawa Area Express Transportation Authority started a new fiscal year (FY 2025) on October 1, 2024. Attached are Budget Performance Reports for the two months ended November 30, 2024.

<u>Revenues</u>

Operating revenues currently total \$428,799.23, or 6.76% of budget. The lower than anticipated amount is primarily a timing difference as a large portion of revenues are not received until the end of the fiscal year. November operating revenues are mostly composed of operating assistance, investment income, fare collection revenues, and property tax receipts. Zeeland City, Zeeland Township, and Park Township are billed quarterly for services rendered. Federal Operating grant revenues are received mid-late September.

Expenses

Operating expenses for the two months ended November 30, 2024, totaled \$763,629.57, or 12.31% of budget. Operating expenses appear to be in line with expectations.

Grant Activity

- ✓ Federal Operating Grant Revenue: \$0 of \$2,047,000 budgeted has been received. MAX receives Federal Operating grant revenues toward the end of the fiscal year, generally mid-late September.
- ✓ State Operating Grant Revenue (received at the beginning of each month) \$345,922 of \$2,087,552 has been received.
- ✓ New Freedom Grant (grant request submitted after the end of each quarter) \$0 of \$142,500 has been received.
- ✓ Mobility Management Federal and State Grants (grant request submitted after the end of each quarter)
 \$0 of \$70,000 has been received.
