Meeting Minutes
Monday, April 28, 2025
Proposed Minutes

Members Present: Chair Russ TeSlaa, Treasurer Jason Latham, Secretary Meika Weiss; Board Members, Kristin Myers, Nathan Bocks, Margo Walters, Kevin Klynstra, Jan Steggerda

Staff Present: Ryan Novotney, Beth Higgs, Susan Gorby, Lynn McCammon, Sandra Korhorn, Robert Ghansah, Charlie Veldhoff, and Tawney Valderas

4.28.1 Approval of the Minutes for March Board Meetings

Approved motion made by Bocks, supported by Walters.

4.28.2 Public Comment

There was no public comment.

4.24.3 Marketing Committee

Higgs reported Tulip Time will be in full swing beginning this week. Staff worked with Tulip Time Organization to set up a shuttle to transport visitors to and from the Artisan Market, as well as transporting Parade Marshalls on both parade days. Throughout the festival during busy times, our team will help direct traffic and assist visitors with questions when needed.

4.28.4 Executive Committee

4.28.4a *FY2024 Financial Audit and Approval – Action*

Paul Matz with Rehmann, a third-party auditor, gave a brief ten-minute overview of the MAX FY2024 audit. Paul reported a clean/unqualified opinion, but did present two findings. The first related to finance adjustments from delinquent payables. It was reported that MAX received an invoice after the close of the fiscal year. This was an isolated incident, and MAX has since updated its procedures to identify outstanding payments. The second finding is related to internal control over cash payment adjustments. It was stated that due to bus service software changes MAX recognized over/short cash payments. The City of Holland finance team and MAX have met multiple times to further enhance internal control.

A motion was made by Latham and supported by Weiss to approve the audit report as presented. Motion carried unanimously

4.28.4b *MDOT Master Agreement Resolution – Action*

Novotny informed the Board that this resolution provided by MDOT allows him to sign grant contracts on behalf of MAX.

Bocks made the motion to approve, supported by Weiss. Motion carried unanimously.

4.28.4c *MAX Credit Card Policy Revisions - Action*

Higgs presented revisions to the current MAX credit card policy, including a change from a single bank credit card used by all authorized users to individual cards issued to each authorized user, along with other updates throughout the policy. Bocks requested a

revision to Section 4, specifically the removal of the phrase “that will be used to acquire goods and services for authority-related purposes.” Walters identified a numbering issue in Section 5 – “Policy.” Novotny recommended removing the numbering system, which was agreed upon. Additionally, Higgs requested Board approval to designate Executive Director Ryan Novotny as the authorized signer on the Huntington Bank commercial card agreement.

Bocks made a motion to approve the policy contingent on the suggested revisions and to appoint Ryan Novotny as the authorized signer on the Huntington Bank agreement. The motion was supported by Latham and carried unanimously.

4.28.4d

MAX Staffing Operating Hours/Presentation - Action

Novotny reported that MAX has experienced the departure of ten drivers, and efforts to fill these vacancies have seen limited success due to the length of the required training process. While new drivers are being trained, existing drivers continue to leave, resulting in a persistent staffing shortage. Currently drivers have stepped up by working extended hours and covering extra shifts, but this has led to staff fatigue and growing concerns. In response, staff recommend a realignment of service to maintain effective operations and better support current drivers. Changes proposed include eliminate Saturday fixed routes and Saturday Night Owl service, adjust Saturday Demand Response service hours to 9:00 a.m. – 4:00 p.m. and begin weekday regular service at 5:00 a.m. These adjustments are intended to help manage limited staffing while continuing to provide essential services. Operations Manager Susan Gorby presented information about vacancies in our driving schedule, and how MAX’s three step Transition Plan will provide a more efficient way to run services and prepare the organization for new routes in the near future.

Bocks made the motion to approve, supported by Myers. Motion carried unanimously.

4.28.4e

Part Time A&B Classification for Bus Operators – Action

Novotny presented a proposal to separate part-time bus operators into two categories—Regular Part-Time A and Regular Part-Time B—to reflect differences in scheduling, availability, and operational impact. He further explained that Part-Time A drivers would follow a year-round schedule, consistent weekly availability, and are eligible for 64 hours of annual PTO rather than the current 40 hours annually. He further explained that Part-Time B drivers will have a more flexible schedule, and eligible for 40 hours of PTO. This supports more accurate operational and staff planning.

Bocks made the motion to approve, supported by Latham. Motion carried unanimously.

4.28.4f

MDOT FY2026 Budget Resubmission - Action

Novotny talked through changes to the FY2026 budget, stating that staff will need to watch spending and reduce payroll overtime in the coming year. He requested that the Board approve the FY2026 budget.

Bocks made the motion to approve, supported by Weiss. Motion carried unanimously.

4.28.4h

Ridership Reports

There was no discussion.

4.28.4i Financial Reports
There was no discussion.

4.28.4j Expenditure Reports
There was no discussion.

4.28.5 Adjournment
A motion was made by Bocks and supported by Latham to adjourn the meeting.
Motion passed unanimously at 4:47 p.m.

MACATAWA AREA EXPRESS

Transportation Authority Notice of Public Hearing

A Public Hearing is scheduled for 3:30 p.m. on June 2, 2025 at the regular board meeting of the Macatawa Area Express Transportation Authority (MAX Transit) at 11660 Greenway Drive, Holland, MI.

Macatawa Area Express Transportation Authority (MAX Transit) gives notice of upcoming changes to its fixed-route bus service to begin August 4, 2025 based on the findings of a comprehensive transit study. The study, conducted by the third-party consulting firm Transpo Group, began August 2023 and was completed in May 2024.

The goal of the study was to assess the needs of current and potential riders and identify ways to improve the efficiency and convenience of the fixed-route service. Community input played a key role in shaping the recommendations, with open house events and a public survey providing valuable feedback on how MAX Transit can better serve the Holland/Zeeland area.

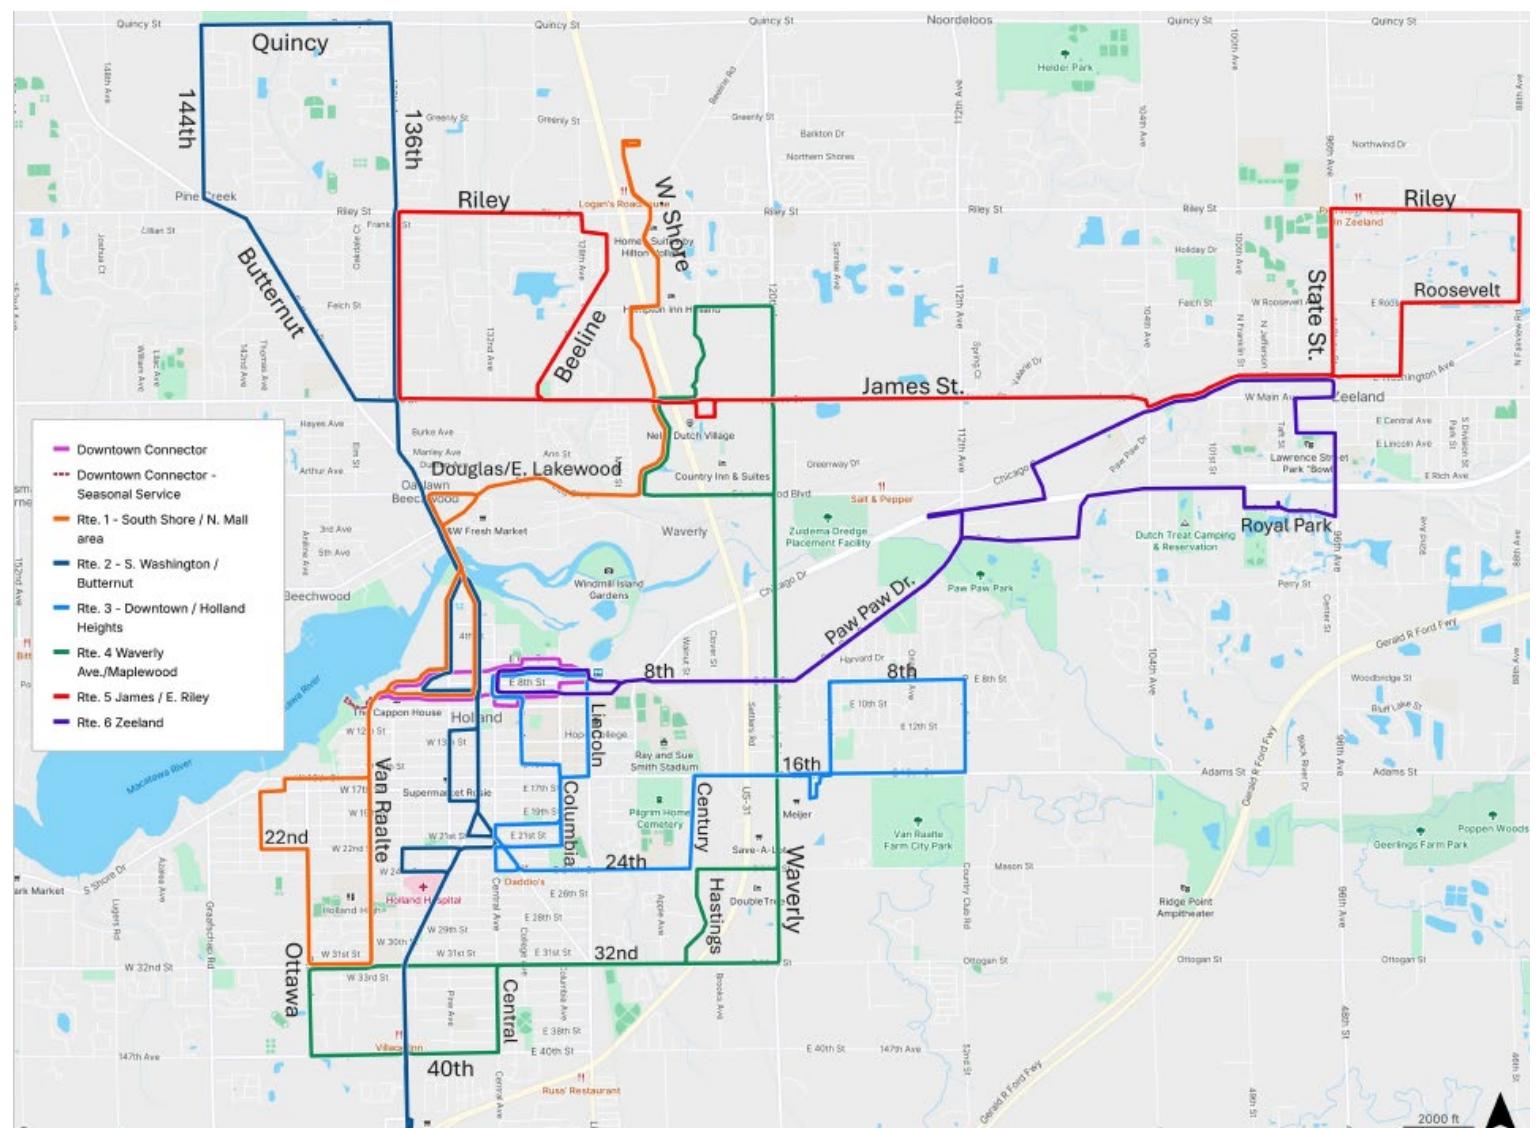

Proposed Changes to Fixed Routes – See attached Route Map

- Consolidate MAX's eight fixed routes to six fixed routes.
- More cross-town routes.
- Reduce the number of routes connecting at the Holland Transportation Center (depot) offering connection points in the community.
- Downtown connector loop to connect fixed route lines.

MAX encourages comments to understand the impact of service changes to our community.

You may attend the Board meeting in person, or send written comments via email through www.catchamax.org

Immediately following the Public Hearing, action is scheduled to be taken.

Re: Transit Asset Management (TAM) Plan: FY2026 Annual Performance Targets

Transit Asset Management (TAM) Plan Annual Performance Targets are used to assess progress toward achieving strategic goals, to consider tradeoffs and risks in achieving objectives, to communicate with stakeholders, and to help show what direction an agency is heading. A key measure used in establishing targets is the *Useful Life Benchmark (ULB)*. ULB is considered the expected lifecycle of a capital asset, or the acceptable period of use before maintenance costs and downtime typically make replacement necessary.

The following describes MAX's Annual Performance Targets estimated for the end of FY2026:

Revenue Vehicles—Revenue (passenger carrying) vehicles are traditionally targeted for replacement *after* reaching FTA's grant eligible useful life (or minimum age) and *before* the ULB (or maximum age) is met or exceeded. MAX may extend a vehicle's use should funding be limited, delays in production exist, and/or in instances where the vehicle is not a safety risk and has been deemed economically feasible to remain in service.

Five (5) Cutaway (CU) series buses are delivered and will soon enter passenger service. The next group of Cutaways up for replacement include four (4) 2020s, becoming FTA eligible in 2027.

Gillig-class buses will not be up for replacement consideration until FY2026 at the earliest—with three (3) vehicles eligible; one (1) Gillig from this class was totaled in a January 2025 collision.

MAX's two (2) Minivans (MV) are planned to be phased out; both are now beyond their ULBs. No new or additional minivans are currently planned.

The MAX Trolley is very much beyond its useful life and will reach 22 years old in 2026; the trolley has seen extremely limited use in recent years.

<CONTINUED ON NEXT PAGE>

Equipment—MAX typically utilizes its non-revenue/service vehicles (road supervisor, staff, and maintenance vehicles) an undetermined number of years beyond the 8-year ULB—provided preventive maintenance costs are reasonable.

The Ford F-150 maintenance truck has exceeded its ULB but has relatively low miles; it is planned to remain in service at least through the end of FY2026.

The Dodge Journey will reach its ULB during the coming reporting year and is likewise planned to remain in service for the foreseeable future.

Two (2) new admin. vehicles are planned for purchase in the coming months, along with the replacement purchase of one (1) admin. vehicle lost in an accident in May of last year.

Meeting Date: June 02, 2025	Agenda Item:
Subject: Financial Reports for 04/30/2025–Unaudited	Prepared By: Wayne Reed, City Finance

Recommendation: Accept Financial Reports as information

Attached are Budget Performance Reports for the seven months ended April 30, 2025 (58.33% of year). The FY24 audit has been completed, and the final reports have been issued. The attached reports reflect the activities of the MAX as well as capital.

Revenues

Operating revenues currently total \$2,321,555.07, or 36.58% of budget. The lower than anticipated amount is primarily a timing difference as a large portion of revenues are not received until the end of the fiscal year. April operating revenues are mostly composed of investment income, State operating assistance, Federal capital grant reimbursements, and fare collection revenues. Zeeland City, Zeeland Township, and Park Township are billed quarterly for services rendered. Federal operating grant revenues are received mid-late September.

Expenses

Operating expenses for the seven months ended April 30, 2025, totaled \$3,286,237.79, or 55.52% of budget. The overall percentage of operating expenses appear to be tracking within budget, however, there are several accounts that are over budget. This will most likely change as a result of the budget amendment process.

Some notes to consider while reviewing the current revenues and expenditures:

Revenues:

- Miscellaneous general revenue account 101-000.000-683.000 shows revenues of \$(45,667.36) in April. This is due to the allocation of previously unallocated bus fare revenues collected for fixed route and demand response. The year-to-date balance in this account is now \$763.16 and no longer contains unallocated fare revenues.
- Property tax account 101-596.537-402.000 shows \$(108,027.16) due to New Freedom revenue sharing allocation. The New Freedom grant is a 50% Federal/50% Local grant match and MAX uses Property Tax revenues as their match funding source. The property taxes are reallocated through a journal entry from the Regular Service account to the New Freedom property tax account each quarter.
- Recoveries Insurance account 101-596.537-682.200 shows revenues of \$41,568.24. MAX will retain a small portion of this amount (expected to be \$5,000 or less) due to required reimbursements to MDOT for recoveries over \$5,000 when grant funding is used to purchase the vehicle. MAX staff are working with MDOT to determine the required return.

Macatawa Area Express Transportation Authority

- Sale of Fixed Assets account 101-596.537-693.000 shows \$(239.40) due to reimbursement to MDOT for equipment disposal proceeds exceeding \$5,000 on vehicles from 2022.

Grant Activity

- ✓ Federal Operating Grant Revenue: \$630,702 of \$2,047,000 budgeted has been received. MAX receives Federal Operating grant revenues toward the end of the fiscal year, generally in mid-late September. MAX staff chose to amend \$630,702 in Federal CARES Act capital funds and reallocate to operating assistance in FY2025. The \$2,047,000 originally budgeted did not include any Federal CARES Act funds, but strictly the annual operating grant that MAX applies for each year – the \$630,702 is in addition to the originally budgeted amount and an amendment should be proposed.
- ✓ State Operating Grant Revenue (received at the beginning of each month) - \$1,210,727 of \$2,087,552 has been received.
- ✓ New Freedom Grant (grant request submitted after the end of each quarter) - \$35,625 of \$142,500 has been received.
- ✓ Mobility Management Federal and State Grants (grant request submitted after the end of each quarter) - \$21,809 of \$70,000 has been received.

MAX Budget Amendment: MAX has historically targeted a mid-year budget after 6 months of activity (April/May timeframe). However, given the transition in leadership, it may be more appropriate to postpone this to allow for further analysis of the current and future budgets. City Finance will provide assistance to the new Director as needed.
